

Position Statement: Techniques and Modalities Considered Outside of Scope of Practice

Position

The attached list is a schedule of both techniques and modalities that the MTAA Board of Directors considers to be outside the Scope of Practice for its members and not considered to be part of a Massage Therapy treatment. This list should not be interpreted as a complete list of activities outside the Scope of Practice, rather it is a list of those activities for which the MTAA feels specific clarification is required at this time.
